

November 7, 2023 / Issue #23

All issues of the ONE Bulletin are also available on the ONE Health Information Technology Services (ONE HITS) website at www.necare.ca/bulletins/.

ONE Bulletins are published on Tuesday afternoon each week. Submit your article idea using the [ONE Bulletin Submission Form](#) no later than the Thursday before the week in which you want it to appear.

This week's news:

- Testing Update
- Training Update

Testing Update

- Round 2 of Integrated Testing

Congratulations to all the Member sites who participated in Round 2 of Integrated Testing the week of October 30. Throughout the week, the ONE HITS Command Center received 262 service desk tickets and only 25 are still open to be resolved. We continue to work towards closing all tickets and incorporate the feedback from the NEON Member sites.

- Integrated Testing - Financial

During the week of November 6 and November 13, NEON Member sites will participate in Integrating Testing - Financial. For optimal success, please review the scripts before your site's testing date.

In the coming weeks, the Regional PMO will feature topics at the PM Round Table to support Member sites as they prepare for and participate in critical testing activities.

Training Update:

Lab Analyzer Testing

The Laboratory Device Watch Testing Webinar will take place on Monday, November 13 from 10 a.m. to 12 p.m. hosted by MEDITECH. The Google Meets invite was shared with Site Laboratory Builders and Site Laboratory Managers. Member sites should ensure necessary individuals are invited to attend the session including site IT team members for the first half of the webinar.

Please forward the Google Meets invite or contact Stephen Roy (stephen.roy@necare.ca) for an invite.
