

Bulletin

Your source for Wave 2 Implementation Project
news and information

December 5, 2023 / Issue #27

All issues of the ONE Bulletin are also available on the ONE Health Information Technology Services (ONE HITS) website at www.necare.ca/bulletins/.

ONE Bulletins are published on Tuesday afternoon each week. Submit your article idea using the [ONE Bulletin Submission Form](#) no later than the Thursday before the week in which you want it to appear.

This week's news:

- [ONE HITS - Staffing Updates](#)
- [Downtime Technical Support](#)
- [Site Validation](#)
- [Testing Update](#)
- [Training Update](#)

ONE HITS Staffing Updates

Julie McEachern recently accepted the role of Director Clinical Applications and Ancillary Support. Over the past three years, Julie worked as the Regional Clinic Systems Manager. Previously as the Manager of Clinical Informatics and Clinical Informatics Specialist at Sault Area Hospital, Julie was a core team lead for the Wave One implementation of ONE HIS. Julie can be reached at julie.mceachern@necare.ca.

Sylvie Venditti recently accepted the position as the Manager of Business Systems with ONE HITS. Sylvie has been an employee of North Bay Regional Health Centre (NBRHC) for over 35 years, working across the hospital system as well as supporting the Wave One implementation of the ONE HIS. Currently, Sylvie is responsible for many processes, including financial and registration, to continuously help improve their efficiency. Sylvie can be reached at Sylvie.Venditti@necare.ca.

Downtime Technical Support

- ONE HIS continues to work with iPeople Solutions to provide Downtime Technical Support solutions for Member sites. The investment of a robust system is designed to support sites and help eliminate additional downtime as well as limit the impact on patient care based on individual hospital needs. All Site Leads should discuss the downtime solutions infrastructure options with the individual Member site Information Technology departments. Please reach out to Paul Ainslie (paul.ainslie@necare.ca) for more information.

Site Validation

- As ONE HITS and Member sites prepare for site validation, it's key for Site Leads to review and update members' status in the Member Sign Off / Site Validation worksheet prior to validating all content. ONE HITS continues to categorize the content into broader categories to support the validation process. The [Member Sign Off/ Site Validation](#) list is available for feedback and comments. No action is required at this time.

Testing Update

- 🎉 Congratulations to Mattawa Hospital who have successfully balanced their Payroll testing! Member sites continue Payroll testing in the month of December.
- ONE HITS continues to finalize parallel testing dates with Member sites. A reminder, Site Testing Coordinators please confirm testing dates by December 8 with Tracy Leger (tracy.leger@necare.ca).
- Founding Member sites began Parallel Testing this week. North Bay Regional Health Centre and Sault Area Hospital Parallel Testing started on Monday, December 4, and West Parry Sound Health Centre begins on Monday, December 11.

Training Update

- Training schedules are now available! NEON Group 1 (NO1) and Group 2 (NO2) Train-the-Trainer Sessions will start in January. It's important to keep in mind the upcoming sessions are for Member sites trainers. Super Users and End Users will be trained separately by site trainers. If you have any additional questions or

concerns for your site's training needs, please reach out to Regional Training Coordinator, Thaleigha Swain (thaleigha.swain@necare.ca).

- Training materials are now available! The [Regional Training Library](#) is available and up to date with all regionally developed training materials. Site Training Leads now have access to Facilitator Guides, Activity Guides, Manuals, Tipsheets and more.
- A reminder for Site Training Leads, Thursday, December 7 Site Training Coordinator Touch Points Meeting will be a ONE MedPower Site Administrator Training Session.
